	G2 Application Level	A+	ndex - Mining & Metals Sector Supplement ANGLO AMERICAN 2010		Assured by	PricewaterhouseCoo	pers
			STANDARD DISCLOSURES PART I: Profile Disclosures 1. Strategy and Analysis				
Profile Disclosure 1.1	Statement from the most senior decision-maker of the organization.	Reported Fully	Cross-reference/Direct answer SD Report 2010, pages 4-5; 8-9	If applicable, indicate the part not reported	Reason for omission	Explanation	
1.2	Description of key impacts, risks, and opportunities.	Fully	SD Report 2010, pages 4-7; 14-15; 18-67 2. Organizational Profile				
Profile Disclosure 2.1	Description Name of the organization.	Reported Fully	Cross-reference/Direct answer SD Report 2010, front cover	If applicable, indicate the part not reported	Reason for omission	Explanation	
2.2	Primary brands, products, and/or services. Operational structure of the organization, including main divisions, operating companies, subsidiaries, and joint ventures.	Fully Fully	SD Report 2010, pages 2-3 SD Report 2010, pages 2-3				
2.4	Location of organization's headquarters. Number of countries where the organization operates, and names of countries with either	Fully	SD Report 2010, pages 2-3				
2.5	major operations or that are specifically relevant to the sustainability issues covered in the report. Nature of ownership and legal form.	Fully Fully	SD Report 2010, pages 2-3 Publicly held and traded company				
2.7	Markets served (including geographic breakdown, sectors served, and types of customers/beneficiaries). Scale of the reporting organization.	Fully Fully	SD Report 2010, pages 2-3 SD Report 2010, pages 2-3				
2.9	Significant changes during the reporting period regarding size, structure, or ownership.	Fully	None to report				
2.10	Awards received in the reporting period.	Fully	See awards section online 3. Report Parameters				
Profile Disclosure 3.1	Description Reporting period (e.g., fiscal/calendar year) for information provided.	Reported Fully	Cross-reference/Direct answer 01 January-31 December 2010	If applicable, indicate the part not reported	Reason for omission	Explanation	
3.2 3.3 3.4	Date of most recent previous report (if any). Reporting cycle (annual, biennial, etc.)	Fully Fully	01 January-31 December 2009 Annual Hermien Botes				
3.5	Process for defining report content. Boundary of the report (e.g., countries, divisions, subsidiaries, leased facilities, joint	Fully Fully	SD Report 2010, page 15 SD Report 2010, page 15				
3.6	ventures, suppliers). See GRI Boundary Protocol for further guidance. State any specific limitations on the scope or boundary of the report (see completeness brinciple for explanation of scope).	Fully	None to report				
2.0	Basis for reporting on joint ventures, subsidiaries, leased facilities, outsourced operations, and other entities that can significantly affect comparability from period to period and/or between organizations.	Fully	Independently-managed associates are not included in data; and only included in the narrative report on an exception basis				
3.8	Data measurement techniques and the bases of calculations, including assumptions and techniques underlying estimations applied to the compilation of the Indicators and other	rully	See the Anglo American SHE data policy and definitions				
3.9	information in the report. Explain any decisions not to apply, or to substantially diverge from, the GRI Indicator Protocols. Explanation of the effect of any re-statements of information provided in earlier reports, and	Fully					
3.10	the reasons for such re-statement (e.g.,mergers/acquisitions, change of base years/periods,	Fully	In 2009, we reported 106 million GJ of energy used; in the 2010 report we reported 102 million GJ due to corrections made at a number of sites.				
3.11 3.12	measurement methods applied in the report. Table identifying the location of the Standard Disclosures in the report.	Fully	None to Report http://www.angloamerican.com/aal/development/				
3.13	Policy and current practice with regard to seeking external assurance for the report.	Fully	SD Report 2010, page 15 4. Governance, Commitments, and Engagement				
Profile Disclosure	Description Governance structure of the organization, including committees under the highest	Reported	Cross-reference/Direct answer	If applicable, indicate the part not reported	Reason for omission	Explanation	
4.1	governance body responsible for specific tasks, such as setting strategy or organizational oversight.	Fully	Annual Report 2010, pages 88-94				
4.2	Indicate whether the Chair of the highest governance body is also an executive officer For organizations that have a unitary board structure, state the number of members of the highest governance body that are independent and/or non-executive members.	Fully Fully	Annual Report 2010, pages 86;88 Annual Report 2010, pages 88-89				
			Annual Report 2010, page 92 (shareholders). Employees are engaged via regular briefing sessions with the CEO and other executives, where they are encouraged to comment/ask questions. Employee surveys are conducted				
4.4	Mechanisms for shareholders and employees to provide recommendations or direction to the highest governance body.	Fully	periodically, which the S&Sd Committee reviews, and the Board is given feedback on material issues.				
4.5	Linkage between compensation for members of the highest governance body, senior managers, and executives (including departure arrangements), and the organization's performance (including social and environmental performance).	Fully	Annual Report 2010, pages 98-109. Safety influences all director's remuneration; social and environmental considerations are taken into account in selected directors' and managers' awards.				
4.6	Processes in place for the highest governance body to ensure conflicts of interest are avoided. Process for determining the qualifications and expertise of the members of the highest	Fully	Annual report 2010, page 92				
4.7	governance body for guiding the organization's strategy on economic, environmental, and social topics.	Fully	Annual report 2010, pages 91-92				
	Internally developed statements of mission or values, codes of conduct, and principles relevant to economic, environmental, and social performance and the status of their		SD report 2010, pages 12-13; Anglo American policies and codes (http://www.angloamerican.com/aal/development/approach-and- policies/policies-standards-commitments/sustainable-development/);				
4.8	implementation. Procedures of the highest governance body for overseeing the organization's identification and management of economic, environmental, and social performance, including relevant	Fully	implementation throughout Annual Report and SD Report 2010				
4.9	risks and opportunities, and adherence or compliance with internationally agreed standards, codes of conduct, and principles.	Fully	Annual Report 2010, pages 91; 93-94				
4.10	Processes for evaluating the highest governance body's own performance, particularly with respect to economic, environmental, and social performance.	Fully	Annual Report 2010, pages 87; 91 In line with its comitment to the principles of the Global Comapct and various				
4.11	Explanation of whether and how the precautionary approach or principle is addressed by the organization. Externally developed economic, environmental, and social charters, principles, or other	Fully	internal policies and procedures (including The Environment Way and SEAT), a precautionary approach always takes precendence.				
4.12	initiatives to which the organization subscribes or endorses.	Fully	SD Report 2010, pages 9, 12, 34, 57				
	Memberships in associations (such as industry associations) and/or national/international advocacy organizations in which the organization: * Has positions in governance bodies; * Participates in projects or committees; * Provides substantive funding beyond routine		See partnerships and collaboration section online				
4.13	membership dues; or * Views membership as strategic.	Fully	SD Report 2010, page 15. These are providers of capital, national and local governments, research bodies, academic institutions, local communities,				
4.14	List of stakeholder groups engaged by the organization.	Fully	employees, our peers and multi-national organisations. Local stakeholders are identified formally during the early stages of the SEAT				
4.15		Fully	process and differ by operation. These, and other international stakehodlers, are selected based on whether they materially affect, or are materially affected by, our business.				
4.16	Approaches to stakeholder engagement, including frequency of engagement by type and by stakeholder group. Key topics and concerns that have been raised through stakeholder engagement, and how	Fully	SD Report 2010, pages 14; 32; 34-35; 37; 38; 50; 55; 64				
4.17	the organization has responded to those key topics and concerns, including through its reporting.	Fully	SD Report 2010, page 15 (key topics); how Anglo American has responded may be found throughout the report.
